Well done

James M. Turner, Ph. D.
Director, Office of International Affairs
National Oceanic and Atmospheric Administration

Colleagues,

The London Convention/London Protocol Parties have agreed to a statement of concern over the OF activity that occurred off the coast of Canada. NOAA/the USG broadly is not specifically mentioned of course, but we are a Convention Party so will be associated with it. It will be released to the media, from the International Maritime Organization in London today. I have attached the media release version.

Best,

Allison and Richard
