Prop. Pattern: DPT Bermuda parallel to storm area. Penetrate in South heading to a point 50 miles south of center. Turn east fly 100 miles; north for 150 miles; west for 150 miles; south for 150 miles then east to a point 50 south of storm center - saw tooth pattern also if possible.

Actual pattern: We circled in vicinity of Bermuda due to a suspected fuel leak in flight. We turned on the equipment 1535Z and then departed Bermuda, storm area. Flew
