Tail radar nose	2035 2055	2110 2101	looks like motor went out date sys hang

ITEM LIST: VTR, DMTRI, DMTR2, COMP, ROSC, LF, NO, TA, DSCI, DSC2

810910 I

212453

I lost my tail in the Bermuda triangle! Perhaps it will come back to haunt us in the after life. This is sending pangs of terror down my spine. Will we make it alive?

21:28

Tail was powered off after a couple of tricks to see if it would work again. rader tech wants us to leave it off for good so as not to cause any more damage! Looks like we're now in for a hellacious amount of activity! Wish someone would quit wiggling the ground so that my grammar would improve.

22:31

George seems unwilling to bestow any pearls of wisdom upon us beleebled masses. What are we to do? ~~Being~~ Finished a 1000 ft run on this leg (pts 4-7) for laser. Encountered a light to moderate chop.

00:19

Looks like we have a schizophrenic storm. seems to be two distinct persons here.

00:30

AI tried tail, again, but do no avail /
catch that rhyme in double time

04:30

Navigator is painting the land areas
