

19940911H1 - RADAR

940911H1 - Ferry flight home
from BARBADOS to KMIA 23

LPS - P. BLACK, CPS - P. WILLIS, RADAR -
N. DORST, FM - P. BOGERT, RADAR TECH - J. BARR
CSCATT I. POPSTEFANJA

1/0 BARBADOS 1836Z LAND KMIA 2333Z

Running radar on ferry flight
to record islands, convection, dry
fringes of DEBBIE (HA, HA).

1853Z - Start recording radar
data, pointing islands TILT 0°

1930Z - Raise TILT LF to 3° . No
fringes on long range.

2030Z - Lowered TILT LF to 2° to
pickup convection S&W of Hispaniola.

223830Z - Stopped recording radar
data. WAX out of range for DEBBIE.

2252Z - Flying under cirrus shield
where Tstorm has dissipated, going
thru rain shaft w/ turbulence. Both
radar & cloud physics turned OFF.
Good move.
