Subject: Today Media Release: Ocean Fertilization Statement of Concern from
LC/LP

Colleagues,

The London Convention/London Protocol Parties have agreed to a statement
of
concern over the OF activitiy that occurred off the coast of Canada.
 NOAA/the USG broadly is not specifically mentioned of course, but we are
a
Convention Party so will be associated with it. It will be released to the
media, from the International Maritime Organization in London today. I
have attached the media release version.

Best,
Allison and Richard
