

13. APPENDIX E
FIELD PHOTOGRAPHS

Plate 1. Sampling activities at 100-ft in Molasses Reef (35-mm color slide, N. A. Voss Collection).

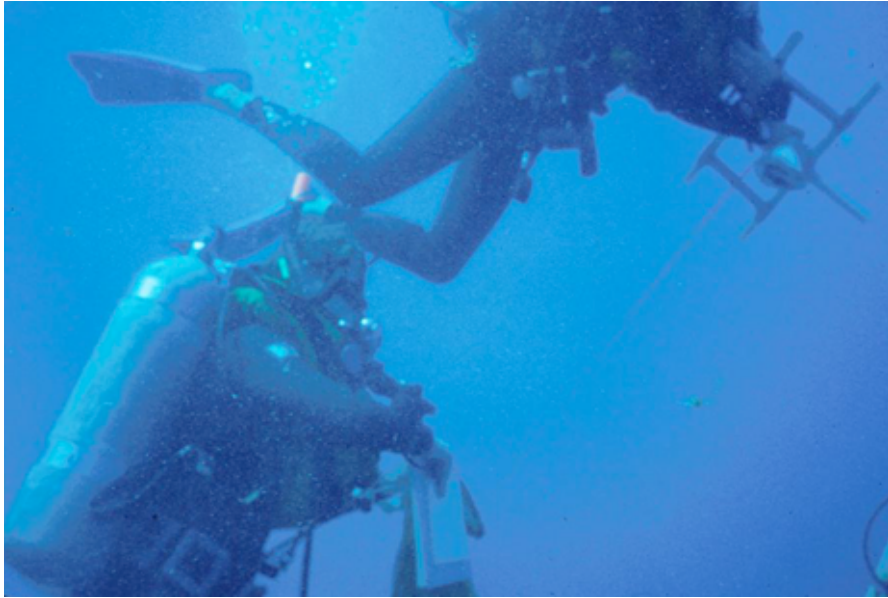

Plate 2. Sampling activities at 100-ft in Molasses Reef (35-mm color slide, N. A. Voss Collection).

Plate 3. Diver over *Acropora palmata* (35-mm color slide, N. A. Voss Collection).

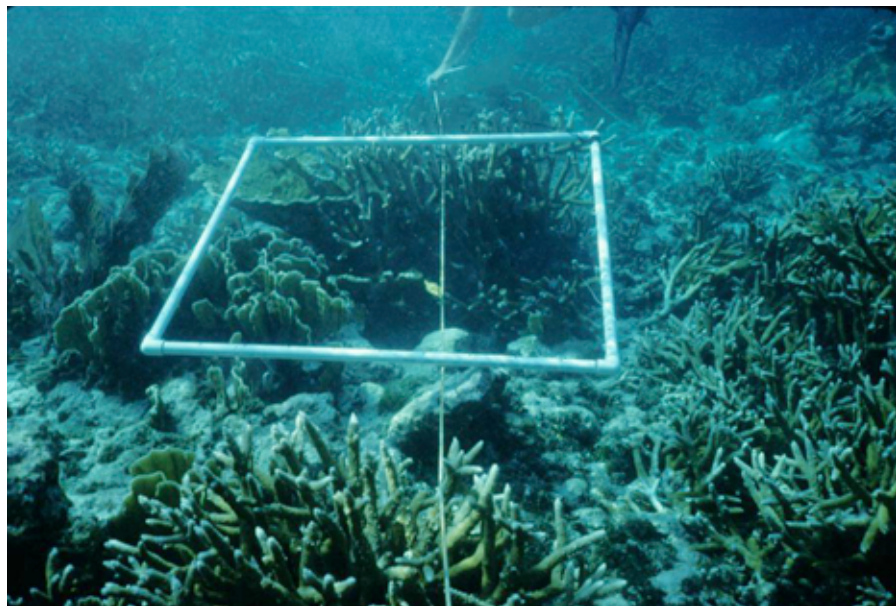

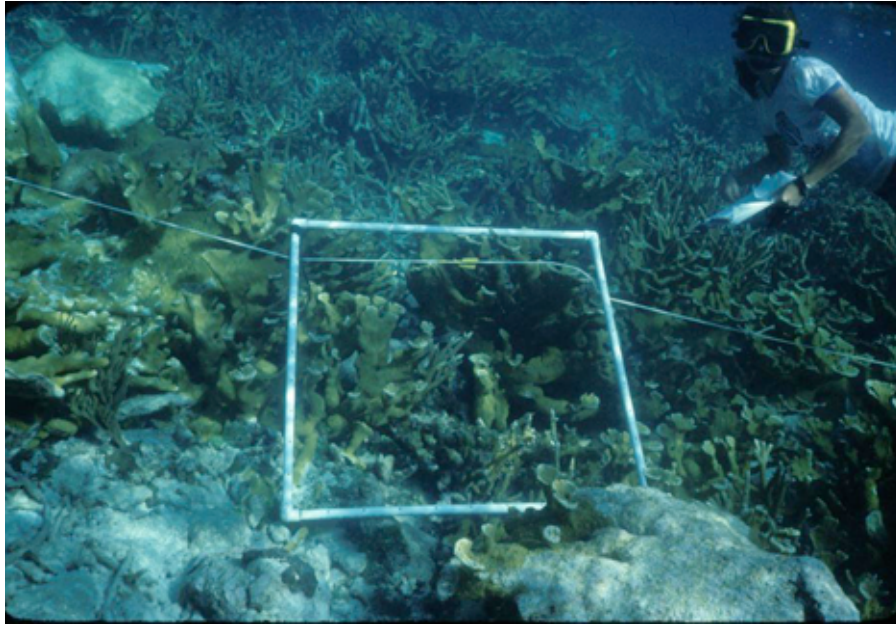

Plate 4. Quadrat marker over different types of benthic cover at Key Largo Dry Rocks (35-mm color slide, N. A. Voss Collection).

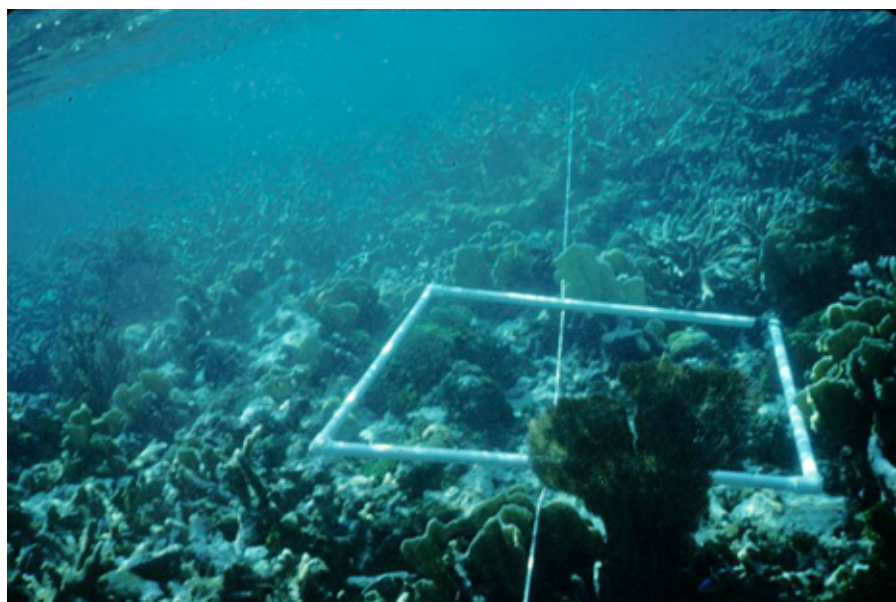

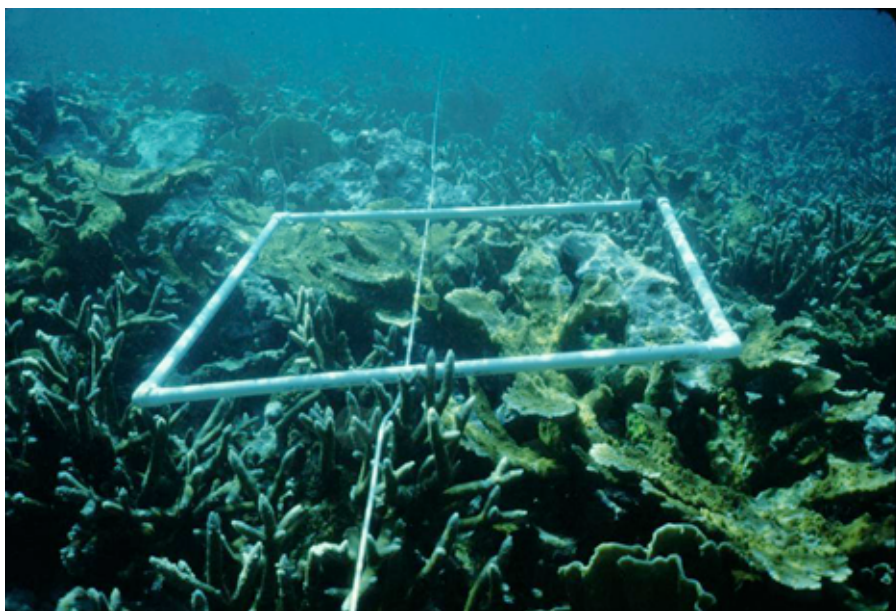

Plate 5. Quadrat marker over different types of benthic cover at Key Largo Dry Rocks (35-mm color slide, N. A. Voss Collection).

Plate 6. Quadrat marker over different types of benthic cover at Key Largo Dry Rocks (35-mm color slide, N. A. Voss Collection).

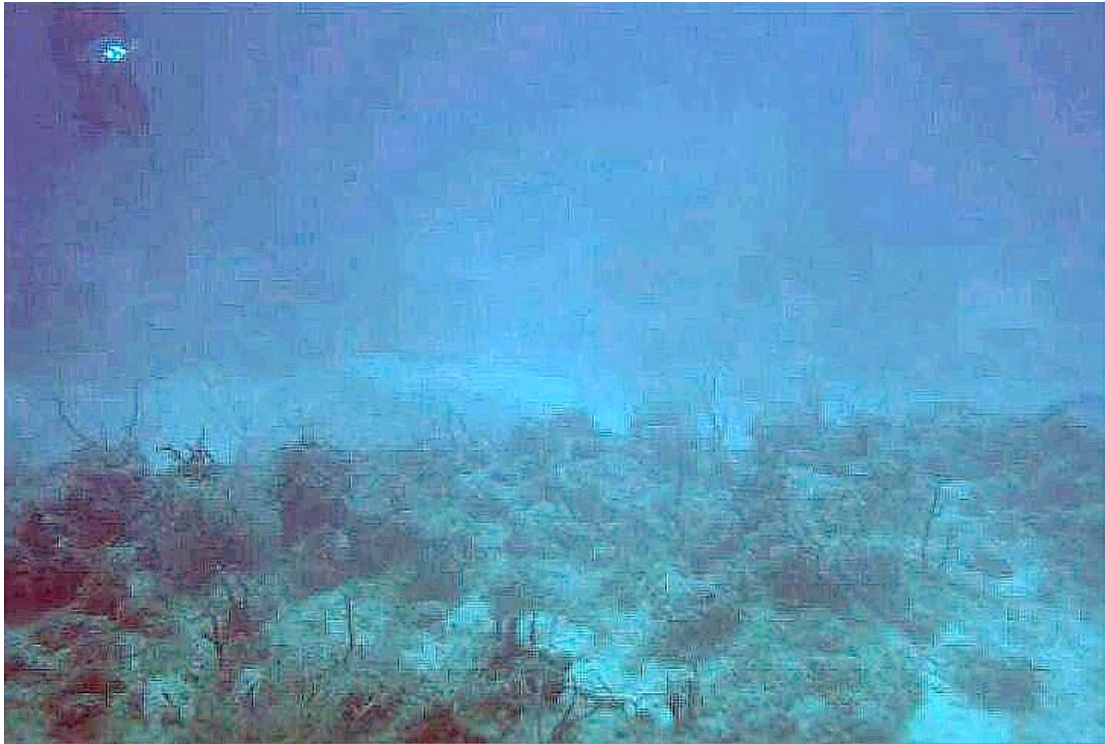

Plate 7. Study area (35-mm color slide, N. A. Voss Collection).

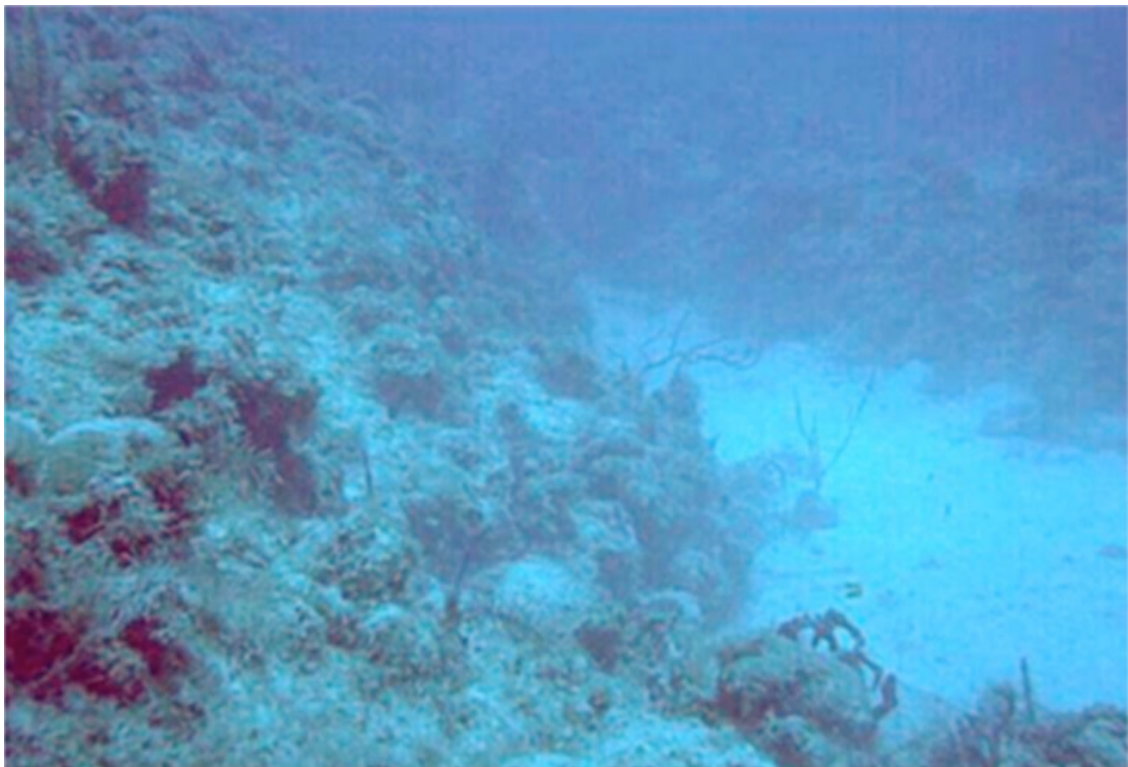

Plate 8. Study area (35-mm color slide, N. A. Voss Collection).

Plate 9. Study area (35-mm color slide, N. A. Voss Collection).

Plate 10. Study area (35-mm color slide, N. A. Voss Collection).

Plate 11. Study area (35-mm color slide, N. A. Voss Collection).

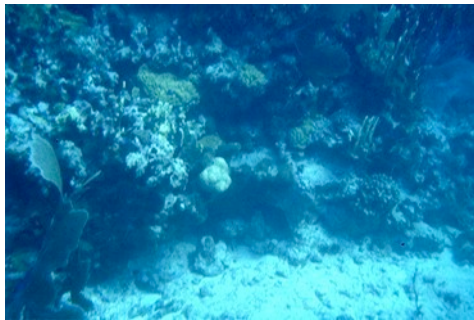

Plate 12. Study area (35-mm color slide, N. A. Voss Collection).

Plate 13. Collecting fish after rotenone poisoning (35-mm color slide, N. A. Voss Collection).

Plate 14. Collecting fish after rotenone poisoning (35-mm color slide, N. A. Voss Collection).

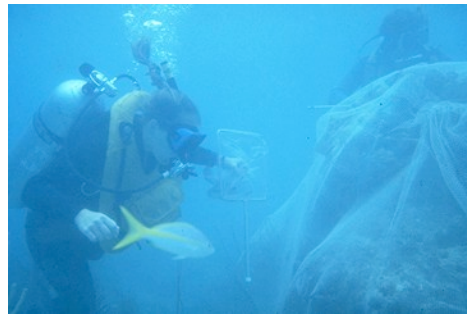

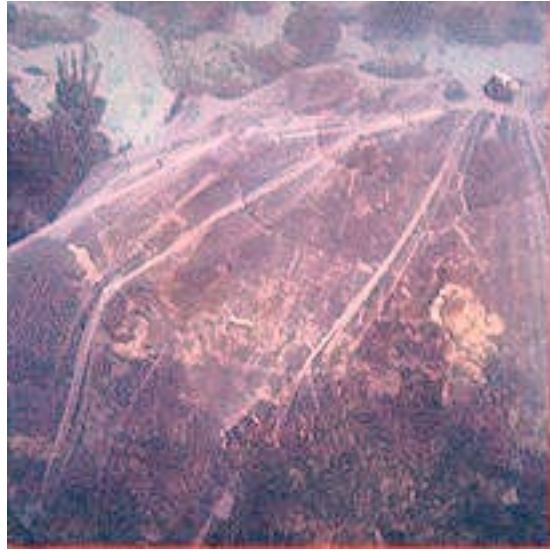

Plate 15. Collecting fish after rotenone poisoning (35-mm color slide, N. A. Voss Collection).

Plate 16. Collecting fish after rotenone poisoning (35-mm color slide, N. A. Voss Collection).
