

Draft Agenda (May 1, 2009)
AOML/SEFSC Workshop
Monday, June 1, 2009, 9:00-4:30PM
NOAA/SEFSC
Miami, Florida

Organizers: Gustavo Goni (NOAA/AOML), John Lamkin (NOAA/SEFSC)

- 9:00** Observations, data, and products from the Global Ocean Observing System (G. Goni).
- 9:20** SEFSC Priorities, research programs, and needs (J. Lamkin).
- 9:30** Current AOML/SEFSC collaboration (R. Smith).
- 9:40** Current AOML/SEFSC collaboration (J. Serafi / J. Browder).
- 9:50** Preliminary results of use of satellite data for stock assessment in the GOM (G. Diaz/C. Rivero, F. Bringas).
- 10:00** Monitoring ocean currents with surface drifters (R. Lumkin).
- 10:10-10:20** Break
- 10:20** Investigation of the link between Ocean dynamics, HABs and fisheries (M. Olascoaga, RSMAS).
- 10:30** Presentation by ROFFS (Mitch Roffer).
- 10:40** CoastWatch and ocean observations and products (J. Trinanés).
- 10:50** Using models to understand ocean current variability and fisheries links (V. Kourafalou)
- 11:00 - noon or 1:00PM** Discussion: what ocean observations and products are needed by SEFSC that AOML could help provide?
- 2:00PM - 4:00PM** Continuation of discussion. Identification of one or two topics in which AOML can help SEFSC.

SEFSC participants:

B. Ponwith	Fisheries Management
J. Lamkin	Fisheries Oceanography - Larval Fish Ecology
C. Rivero	GIS
B. Muhling	Fisheries Oceanography - Habitat Models Bluefin Tuna
T. Gerard	Florida Bay - Caribbean Fisheries Ecology
S. Whitcraft	Acoustic Tagging
C. Sasso	Acoustic Tagging
J. Serafi	South Florida, Florida Bay Fisheries Management / Billfish
J. Bohnsack	Fish Biology
E. Malca	
M. Schirripa	Stock Assessment / Fisheries Oceanography
M. Miller	Coral Reef Ecology

AOML participants:

S. Garzoli	Ocean Observing System, Ocean Dynamics
G. Goni	Satellite Oceanography, Ocean Observing System
L. Johns	Ecosystems, Physical Oceanography
R. Smith	Ecosystems, Physical Oceanography
C. Schmid	Ocean Observing System
R. Lumpkin	Ocean Observing System
M. Baringer	Ocean Observing System
J. Trinanes	Satellite Oceanography
J. Gray	Oceanography
C. Meinen	Ocean Observing System
C. Kelble	Chemical Oceanography
R. Roddy	Ocean Observing System
P. DiNezio	Ocean Observing System
F. Bringas	Ocean Observing System

Other participants:

M. Roffer	Satellite Oceanography
M. Olascoaga (RSMAS)	Physical Oceanography
V. Kourafalou (RSMAS)	Ocean Modelling
C. Paris-Limouzi (RSMAS)	Physical Biological Interactions
